

WOODGREEN COMMUNITY SERVICES

RENT SMART

"The Rent Smart course gave me the tools and knowledge to not only find a suitable home but be a positive and informed tenant "

On behalf of WoodGreen Community Services, we are excited to announce that we will be facilitating our fall season of Rent Smart in September, 2023, co-facilitated by Will McCarty from our very own Youth Housing Navigation and Subsidy Support Program, Stella Rose, from our Financial Empowerment team and Karly Wilson, a housing lawyer from the Don Valley Legal Community Services.

There are 6 modules in all, covered over the course of three sessions on topics designed to support the identification, securing and sustainability of housing in Toronto and the GTA. Please note that these sessions are open to all, regardless of age or background but with a focus on youth, ages 16-30.

Light snacks and beverages will be offered.
